Nutrition and Active Play Policy

**Quality Area:** 2: Children’s health and safety  
**Standard:** 2.2: Healthy eating and physical activities are embedded in the program for children  
**Element:** 2.2.1: Healthy eating is promoted and food and drinks provided by the service are nutritious and appropriate for each child  
2.2.2: Physical activity is promoted through planned and spontaneous experiences and is appropriate for each child

**Purpose**

Ellie V Pullin Preschool acknowledges the importance of healthy eating and physical activity, and its contribution to good health and overall wellbeing. This policy will provide guidelines to:

- promote a healthy lifestyle to children at Ellie V Pullin Preschool, including eating nutritious food and participating in physical activity
- provide opportunities for active play
- encourage children to make healthy lifestyle choices consistent with national and state guidelines and recommendations
- ensure that the dietary and cultural needs of children and families are taken into consideration when planning menus for service events and activities.

**Policy Statement**

1. **Values**

Ellie V Pullin Preschool is committed to:

- promoting nutritious food and eating habits that will contribute to healthy growth and development in children
- providing a safe, supportive and social environment in which children can enjoy eating
- consulting and working collaboratively with families in regard to their child’s nutrition and dietary requirements, including responding appropriately to food allergies and recognising cultural and religious practices, and lifestyle choices
- ensuring that food and drink items provided by Ellie V Pullin Preschool are consistent with national and state guidelines and recommendations
- providing children and families with opportunities to learn about food, nutrition and healthy lifestyles
• ensuring adequate health and hygiene procedures, including safe practices for handling, preparing, storing and serving food
• encouraging physical activity by providing a range of active play experiences for all children at Ellie V Pullin Preschool.

2. Scope

This policy applies to Ellie V Pullin Preschool, Nominated Supervisor, Certified Supervisors, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Ellie V Pullin Preschool.

3. Background and Legislation

Background
There are many benefits to promoting a healthy lifestyle in early childhood education and care settings, including the positive impact this has on each child’s learning and development. Being made aware of positive eating behaviour and the importance of physical activity from an early age can instil good habits that will remain throughout a person’s life. Educators/staff are well placed to build this awareness among children and their families, while respecting lifestyle choices, and cultural and religious values. The foods we eat provide our body with the nutrients we need to stay healthy. Good nutrition is the balanced eating of a variety of foods, and is especially important for children as they require a large amount of nutrients for growth and development. Research has shown that, when offered a variety of healthy foods, children can and do make good choices. It is also important to provide preschool children with a good foundation in healthy eating, as most children have formed lifelong eating habits before they reach school age. Education and care settings provide many opportunities for children to experience a range of healthy food, and to learn about food choices from educators and other children (Belonging, Being & Becoming – The Early Years Learning Framework for Australia, p30 – refer to Sources). Active play (play that involves using the large muscles in the body) develops a strong and healthy body, builds motor and co-ordination skills, creates a sense of wellbeing and helps protect from disease. Active play is about moving, being and doing. A strong sense of health and wellbeing, supported by good nutrition and an active lifestyle, can provide children with confidence, energy and optimism that will contribute to their ability to concentrate, co-operate and learn (Belonging, Being & Becoming – The Early Years Learning Framework for Australia, p30 – refer to Sources). Learning about healthy lifestyles, including nutrition and active play, links directly to Outcome 3 in both the Early Years Learning Framework and the Victorian Early Years Learning and Development Framework (refer to Sources).

The Australian Government has produced guidelines, recommendations and resources for healthy eating and physical activity in early childhood settings, including the National Health and Medical Research Council’s Dietary Guidelines for Children and Adolescents in Australia (refer to Sources) and the Get Up & Grow: Healthy Eating and Physical Activity for Early Childhood resources (refer to Sources). Practical, healthy eating advice is also available to early childhood services and schools via a telephone advice line: the Victorian...
Nutrition and Active Play Policy
Ellie V Pullin Pre-School

Healthy Eating Advisory Service (VHEAS – refer to Sources), run by Nutrition Australia. Early childhood education and care services can also register for the Victorian Prevention and Health Promotion Achievement Program (refer to Sources). This program is designed to create safe, healthy and friendly environments for learning, by promoting physical, mental and social health and wellbeing.

**Progressive meal times**
In recognising children as active participants in their own learning, children should be encouraged to make meaningful decisions about elements of their own education and care. Incorporating progressive meal times into the educational program allows children to choose to eat when they are hungry, rather than according to a timetable. Children can gather in small groups to enjoy meals together, without interrupting the needs and play of others. This also encourages quieter, more social and meaningful interactions at meal times and allows for a smoother flow throughout the day. Children can make decisions based on their own needs, and can be supported to access food and water throughout the day by educators/staff, who actively participate in meal times.

A decision with respect to incorporating progressive meal times into the educational program must take into account the needs of all children at Ellie V Pullin Preschool, particularly children with specific medical conditions such as diabetes. The National Regulations require services to ensure that children with medical conditions are able to participate fully in the educational program, and are not discriminated against in any way.

**Legislation and standards**
Relevant legislation and standards include but are not limited to:
- *Australia New Zealand Food Standards Code*
- *Child Wellbeing and Safety Act 2005*
- *Disability Discrimination Act 1992* (Cth)
- *Education and Care Services National Law Act 2010*
- *Education and Care Services National Regulations 2011*: Regulations 77–78, 79–80 (if Ellie V Pullin Preschool provides food), 168
- *Equal Opportunity Act 2010* (Vic)
- *Food Act 1984* (Vic), as amended 2012
- *National Quality Standard*, Quality Area 2: Children's Health and Safety
- Standard 2.2: Healthy eating and physical activity are embedded in the program for children
- Element 2.2.1: Healthy eating is promoted and food and drinks provided by Ellie V Pullin Preschool are nutritious and appropriate for each child
- Element 2.2.2: Physical activity is promoted through planned and spontaneous experiences and is appropriate for each child
- *Occupational Health and Safety Act 2004*

4. **Definitions**

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.
Active play: Large muscle-based activities that are essential for a child’s social, emotional, cognitive and physical growth and development.

Adequate supervision: (In relation to this policy) supervision entails all children (individuals and groups) in all areas of Ellie V Pullin Preschool, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Services are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used. Adequate supervision refers to constant, active and diligent supervision of every child at Ellie V Pullin Preschool. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs, and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)
- developmental profile of each child and of the group of children
- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Healthy eating: Describes eating patterns that provide all the recommended nutrients for growth and development, and good health and wellbeing, now and in the future. It also refers to preparing, serving and eating food in a way that recognises its importance as a social and cultural activity.

Nutrition: The process of providing or receiving nourishing substances.

‘Sometimes’ foods and drinks: Food and drink items that are high in fat, sugar and salt, and that contain minimal vitamins, minerals or fibre.

Ellie V Pullin Policy and Procedures

Food and drink to be provided by Ellie V Pullin Preschool

- Children are required to bring the following from home for consumption during the program: a snack and a drink.
- On an occasional basis, Ellie V Pullin Preschool will provide food that has been produced through food related activities involving the children.
- Food will be provided by parents/guardians for celebrations such as a birthdays, in line with Ellie V Pullin Preschool’s guidelines for celebrations.

Ellie V Pullin Preschool in providing food and drink will:

- Comply with the Dietary Guidelines for Children and Adolescents. (see Appendix 1)
- Cater for children who have special dietary requirements (including allergies) for health or medical reasons. This includes making their needs known to everyone responsible for preparing or serving food to them.
- Respect cultural and/or personal food differences.

Food and drink provided will:

- Be offered at times that suit children’s developmental needs.
- Be hygienically prepared and stored.
Parent/Guardians will be encouraged to:
- Send nutritional morning and/or afternoon snacks with their children consistent with the parental guidelines.

Children while at Ellie V Pullin Preschool will:
- Have access to water whenever it is needed/requested.
- Be encouraged to broaden their food knowledge and sample varied foods in a relaxed environment.
- Be offered appropriate food and drink from which they may make choices.
- Be encouraged to develop independence in serving and clearing away food and drinks and managing utensils that are used for pouring, drinking and eating.
- Be given opportunities to participate in food related activities, ensuring correct hygiene methods are followed.
- Be offered foods that respect the religious, cultural or other requirements of the parent/guardian’s.

Staff will:
- Monitor children with food allergies closely, in order to prevent contact with, or consumption of, foods to which they are allergic.
- In consultation with the Committee, develop a procedure for dealing with situations where children have a severe allergy that could be life threatening if they were to come in contact with a food, for example, peanuts. This could include:
  - Not providing the food at Ellie V Pullin Preschool, if this is feasible.
  - Requesting parents/guardians of children in the child’s group not to send these specific foods with their children for a snack or celebration.
- Review annually, in consultation with the parents/guardians and Committee, Ellie V Pullin Preschool’s guidelines for celebrations including birthdays, Christmas etc.
- Ensure that the guidelines take into consideration the needs of families and children in relation to nutrition, cultural diversity, religion, age appropriateness and food safety issues such as storage and transport of food.
- Provide guidelines to parent/guardians, regarding appropriate food for their child to bring for morning and/or afternoon snacks. These will be developed in consultation with the Committee.
- List the names of children with special dietary requirements and food allergies in the kitchen and specify the foods to which the allergy applies.

Parent/Guardians will:
- Be given the opportunity to list any specific nutritional requirements (including allergies) on their child’s enrolment form and to discuss these with the qualified staff member prior to the child commencing at Ellie V Pullin Preschool and whenever these requirements change.
- Comply with the guidelines regarding food and drinks to be sent to Ellie V Pullin Preschool with the child for snacks.
- Comply with the guidelines for celebrations that include food (e.g. birthdays).

Ellie V Pullin Pre-School is responsible for:
- ensuring that Ellie V Pullin Preschool environment and educational program supports children and families to make healthy choices for eating and active play
• providing ongoing information, resources and support to families, to assist in the promotion of optimum health for young children (refer to Sources)
• ensuring the implementation of adequate health and hygiene procedures, and safe practices for handling, preparing and storing food, to minimise risks to children being educated and cared for by Ellie V Pullin Preschool (Regulation 77) (refer to Hygiene Policy and Food Safety Policy)
• ensuring that all educators/staff comply with the Food Safety Act
• ensuring that all educators/staff are aware of a child’s food allergies and/or other medical conditions on enrolment or on initial diagnosis
• ensuring measures are in place to prevent cross-contamination of any food given to children with diagnosed food allergies and/or diabetes (refer to Anaphylaxis Policy, Asthma Policy, Diabetes Policy and Food Safety Policy)
• ensuring that all educators/staff are aware of, and plan for, the dietary needs of children diagnosed with diabetes (refer to Diabetes Policy)
• providing healthy suggestions for morning/afternoon tea and/or lunchboxes for children
• discouraging parents/guardians from providing children with ‘sometimes’ foods and drinks (refer to Definitions)
• ensuring that fresh drinking water is readily available at all times, and reminding children to drink water throughout the day, including at snack/lunch times (Regulation 78(1)(a))
• ensuring that food and drinks are available to children at frequent and regular intervals throughout the day (Regulation 78(1)(b))
• ensuring that celebrations, fundraising activities and other service events are consistent with the purposes and values of this policy and service procedures.

Where food is provided at Ellie V Pullin Preschool:
• allocating finances to ensure the provision of nutritionally-balanced and culturally-sensitive meals, as required
• ensuring that staff who are responsible for menu planning participate in regular nutrition and safe food handling training, and are kept up to date with current research, knowledge and best practice
• ensuring that food and drink provided by Ellie V Pullin Preschool is nutritious, adequate in quantity and appropriate to children’s growth and development, and meets any specific cultural, religious or health needs (Regulation 79(1))
• ensuring that a weekly menu is displayed in a location accessible to parents/guardians, and that it accurately describes the food and drinks to be provided by Ellie V Pullin Preschool each day (Regulation 80(1)).

Nominated supervisor is responsible for:

• ensuring that Ellie V Pullin Preschool environment and the educational program supports children and families to make healthy choices for eating and active play
• ensuring the implementation of adequate health and hygiene procedures, and safe practices for handling, preparing and storing food, to minimise risks to children being educated and cared for by Ellie V Pullin Preschool (Regulation 77) (refer to Hygiene Policy and Food Safety Policy)
• ensuring that all educators/staff comply with the *Food Safety Act*
• ensuring that all educators/staff are aware of a child's food allergies and/or other medical conditions on enrolment or on initial diagnosis
• ensuring measures are in place to prevent cross-contamination of any food given to children with diagnosed food allergies and/or diabetes (refer to *Anaphylaxis Policy, Asthma Policy, Diabetes Policy* and *Food Safety Policy*)
• ensuring that all educators/staff are aware of, and plan for, the dietary needs of children diagnosed with diabetes (refer to *Diabetes Policy*)
• ensuring that fresh drinking water is readily available at all times, and reminding children to drink water throughout the day, including at snack/lunch times (Regulation 78(1)(a))
• ensuring that food and drinks are available to children at frequent and regular intervals throughout the day (Regulation 78(1)(b))
• registering Ellie V Pullin Preschool with the *Victorian Prevention and Health Promotion Achievement Program* (refer to *Sources*)
• ensuring that cultural and religious practices/requirements of families are accommodated to support children’s learning and development
• developing and reviewing guidelines for celebrations, fundraising activities and other service events in consultation with educators, staff, parents/guardians and families
• developing links with local and regional health services, community organisations and businesses that provide expertise, resources and support for healthy eating and active play.

*Where food is provided at Ellie V Pullin Preschool:*
• managing Ellie V Pullin Preschool’s food budget
• ensuring that food and drink provided by Ellie V Pullin Preschool is nutritious, adequate in quantity and appropriate to children’s growth and development, and meets any specific cultural, religious or health needs (Regulation 79(2))
• ensuring that a weekly menu is displayed in a location accessible to parents/guardians, and that it accurately describes the food and drinks to be provided by Ellie V Pullin Preschool each day (Regulation 80(1))
• ensuring that Ellie V Pullin Preschool is registered and working in line with the *Food Safety Act* and National Regulations
• ensuring that the cook, and any staff involved in food preparation, serving and storage, comply with the *Food Safety Act*
• facilitating training of staff to assist in compliance with the *Food Safety Act* e.g. safe food handling courses.

*Certified supervisors, educators and other staff are responsible for:*
• complying with Ellie V Pullin Preschool’s *Nutrition and Active Play Policy* and with the *Food Safety Act*
• implementing adequate health and hygiene procedures, and safe practices for handling, preparing and storing food, to minimise risks to children (refer to *Hygiene Policy* and *Food Safety Policy*)
• being aware of a child’s food allergies and/or other medical conditions on enrolment at Ellie V Pullin Preschool or on initial diagnosis
• implementing measures to prevent cross-contamination of any food given to children with diagnosed food allergies and/or diabetes (refer to Anaphylaxis Policy, Asthma Policy, Diabetes Policy and Food Safety Policy)
• being aware of, and planning for, the dietary needs of children diagnosed with diabetes (refer to Diabetes Policy)
• ensuring that Ellie V Pullin Preschool environment and the educational program supports children and families to make healthy choices for eating and active play
• discussing healthy eating choices with children, introducing the concept of ‘sometimes’ foods and drinks, and role-modelling positive behaviours
• exploring and discussing diverse cultural, religious, social and family lifestyles
• considering this policy when organising excursions and service events
• supporting students and volunteers to comply with this policy while at Ellie V Pullin Preschool
• keeping parents/guardians informed of current information relating to healthy eating and active play
• ensuring that fresh drinking water is readily available at all times, and reminding children to drink regularly throughout the day, including at snack/meal times
• ensuring that children can readily access their own clearly labelled drink containers (where this is a service practice)
• providing food and drinks at regular intervals, and encouraging children to actively participate in, and enjoy, snack/meal times without feeling rushed
• providing adequate supervision (refer to Definitions) for all children during meal/snack times
• encouraging children to be independent at snack/meal times e.g. opening lunchboxes, pouring drinks, self-feeding, serving and using utensils in a culturally-sensitive way
• planning and providing outdoor, active play that is stimulating, promotes skill development, considers safety issues and provides adequate supervision (refer to Definitions)
• considering opportunities for children to be physically active indoors, particularly in adverse weather conditions
• providing daily opportunities for all children to participate in age-appropriate active play
• acting as positive role models by engaging in physical activity
• minimising and closely supervising screen-based activities, in line with recommended guidelines
• providing age-appropriate traffic safety education, including pedestrian and passenger safety to both children and parents/guardians at Ellie V Pullin Preschool
• promoting safe behaviour through daily practice as part of the program.

Where food is provided at Ellie V Pullin Preschool:
• displaying menus, sharing recipes and encouraging feedback about the food provided at Ellie V Pullin Preschool.
Parents/guardians are responsible for:

- complying with the requirements of this policy
- providing details of specific nutritional/dietary requirements, including the need to accommodate cultural or religious practices or food allergies, on their child’s enrolment form, and discussing these with the Nominated Supervisor prior to the child’s commencement at Ellie V Pullin Preschool, and if requirements change over time (refer to Anaphylaxis Policy, Asthma Policy and Diabetes Policy)
- communicating regularly with educators/staff regarding children’s specific nutritional requirements and dietary needs, including food preferences
- encouraging their child/ren to drink an adequate amount of water
- providing healthy, nutritious food for snacks/meals, including fruits and vegetables where applicable
- providing healthy, nutritious food, including fruits or vegetables for sharing at morning or afternoon tea, where applicable
- providing nutritious food and drinks for celebrations, fundraising activities and service events, consistent with service policy
- encouraging children to exercise by engaging in active play, and walking or riding a bike to Ellie V Pullin Preschool where appropriate
- discussing appropriate road traffic safety and car safety practices, and role-modelling this behaviour.

Volunteers and students, while at Ellie V Pullin Preschool, are responsible for following this policy and its procedures.

Evaluation

In order to assess whether the values and purposes of the policy have been achieved, Ellie V Pullin Preschool will:

- regularly seek feedback from educators, staff, parents/guardians, children, management and all affected by the policy regarding its effectiveness
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of Ellie V Pullin Preschool’s policy review cycle, or as required
- notify parents/guardians at least 14 days before making any change to this policy or its procedures.

Attachment 1- Dietary Guidelines for Children and Adolescents

Authorisation

This policy was approved and passed by the Ellie V Pullin Committee of Management and adopted by Ellie V Pullin Pre-School on:

20th April 2015

Authorised by: ____________________________ Karen Assimo [President]

Authorised by: ____________________________ Betty Krober [Nominated Supervisor]

Witnessed by: _____________________________

Review Date: April 2018
Attachment 1

**Dietary Guidelines for Children and Adolescents**

The Dietary Guidelines for Children and Adolescents provides a set of scientific background papers for each guideline. The background papers provide the rationale for the guidelines and discuss issues of relevance to infants, children and adolescents. They are an invaluable reference for all those working in the area of child health.

The Dietary Guidelines for Children and Adolescents are:

1. Encourage and support breastfeeding.
2. Children need appropriate food and physical activity for normal growth and development. Growth should be checked regularly.
3. Enjoy a wide variety of nutritious foods.
4. Eat plenty of breads and cereals, vegetables (including legumes) and fruits.
5. Low fat diets are not suitable for young children. For older children, a diet low in fat and in particular, low in saturated fat, is appropriate.
6. Encourage water as a drink. Alcohol is not recommended for children.
7. Eat only a moderate amount of sugars and foods containing added sugars.
8. Choose low salt foods.
9. Eat foods containing calcium.
10. Eat foods containing iron.

**Note** — The publication by the National Health and Medical Research Council (Cat. No. 9557075) which is currently under review, is available from Government Info Bookshop, 190 Queen Street, Melbourne or phone (03) 9670 4224. You can download this from the following website:
